

Cowboy Guarantee

[Jessica Andrews](#)

There were signs all over town, "Come see the rodeo"
When I saw those fair ground lights a shinin', I knew I had to go
There were bulls and wild horses, arrows and clowns
Rhinestones and glitter sparklin' and cowboys all around
But there was one, I never will forget He was wild as a tumble weed blowin'
Restless like a river runnin' free
And when he smiled I knew my heart would be broken
He was gonna leave, that's the cowboy guarantee That night we got together, we drove out to the lake
Beneath the stars and Texas moonlight, I gave my heart away
But you can't tame a river and I wouldn't want to try
'Cause it was worth all the hurtin' to know that for one night
I was loved like I've never been before He was wild as a tumble weed blowin'
Restless like a river runnin' free
And when he smiled I knew my heart would be broken
He was gonna leave, that's the cowboy guarantee He was wild as a tumble weed blowin'
Restless like a river runnin' free
When he smiled I knew my heart would be broken
He was gonna leave, that's the cowboy guarantee 'Cause a cowboy is a cowboy
And he's always gonna be
That's the cowboy guarantee
Ohh, that's the cowboy guarantee
Cowboy guarantee
