

Darkside

Myron

Mmmm Mmmm

Somedays we dont know

How close we've come to the darkside
but we gotta keep pressing on, keep on pressing on
Someday

Somedays we don't know how close we've come to the darkside
but if we keep pressing on
then we gonna see the light
somedays we don't know
how were gonna make it through the hard times
(How close we've come, yea)
but if we keep pressing on everything will be alright

Everybody's watching and I know their rating
precious heart for me to take
worked too hard for me to break sometimes I get fed up and I want to give up
but I keep walking in the light
i know that everything will be alright (be alright)

Somedays we don't know how close we've come to the darkside
but if we keep pressing on
then we gonna see the light (press on, press on, press on)
somedays we don't know
how were gonna make it through the hard times
(make it through)
but if we keep pressing on everything will be alright

what if i stumble? What if i fall?
would u come and comfort me or would you be there at all well I'm gonna keep my head up yea keep standing
tall
lift my eyes up to the sky pass from darkness into light

Somedays we don't know how close we've come to the darkside
but if we keep pressing on (pressing on)
then we gonna see the light (when we gon' see the light)
somedays we don't know (we don't know)
how were gonna make it through the hard times (hard times)
but if we keep pressing on (gotta keep on) everything will be alright

Everything will be alright (uh,yea)
Gonna be alright
Gonna be alright
Gonna be alright (gonna make it through)
Everything will be alright (press on)
Gonna be alright(press on)
Gonna be alright
Gonna be alright

Somedays we don't know how close we've come to the darkside (how close we've come)
but if we keep pressing on
then we gonna see the light (keep your head up)
somedays we don't know (we don't know)
how we're gonna make it through the hard times (We don't know)
but if we keep pressing on everything will be alright
(Someday) Somedays we don't know how close we've come to the darkside (how close we've come to the dark)
but if we keep pressing on
then we gonna see the light (then we gonna see the light)
somedays we don't know (Gotta keep on,)
how were gonna make it through the hard times (keep pressing on)
but if we keep pressing on everything will be alright pressing on (gotta keep on) everything will be alright

Keep your head up
keep your head up
keep your head up
keep your head up
Gotta keep pressing on
