

# La Ferrassie

## Tokyo Police Club

Don't forget to write  
Don't forget to write  
They buried me  
In southwest France  
La Ferrassie you know I amDon't forget to write  
Don't forget to write  
They buried me  
In southwest France  
La Ferrassie you know I amThe kids were teething  
When they put me underground  
No one ever saw breathing  
La Ferrassie you know I'm found
