(Here we go) Coincide with yo boy, check out with no lines

On yo boy, look out but don't hide

When you bust it up and keep rhymes

When you walk towards the tape off line For your boys got instinct rhymes

When you bump between the sixteen lines

When you bowl win the goal, bitches scream

Win the goal keep ahead keep it live Before you go get your tattoo rhymes

For your boy pick a bell in the bathroom

Penalized doing it till he get tired of ya boy

That shit between me and you niggas Then trying to figure out what I say

I give less than a fuck, what you doing over there

Just don't get in my way

Hear my records feel my presence now and forever and until Stop what you doing and work it fuck it nice

Just complete it with a licking to the man right there

Tell you mother fuckers, what we came to do

Its just plain as day but they don't wanna see If you don't wanna fight get the fuck is you'll be

In the spot working on my beat

Long time I'm having no compromise

I'ma open them up and then I'm dumping them out
I'm keeping it hard so don't get mad'Cause I'm loading em up and I'm running em out
