

# French Kiss the Elderly

## Jack Off Jill

I'm not so pretty now  
They're filthy next to me  
I'm staring at myself  
In family therapy  
I'm dying day by day  
But no one cries for me  
They'd rather slit their wrists  
Than french kiss the elderly!  
(Don't shoot! Don't shoot! Don't shoot! Don't shoot!)  
On the day we broke you made the  
On the day that we die  
On the day we broke you made the whole world  
Stop it, you're hurting me  
Stop it, you're hurting me  
Stop it, you're hurting me  
Stop it!  
I'm sitting quietly  
In gothic sympathy  
I tried to cut myself,  
But they won't watch me bleed  
They do not understand  
They are afraid of me  
They'd rather shoot themselves  
Than french kiss the elderly!  
(Don't shoot! Don't shoot! Don't shoot! Don't shoot!)  
On the day we broke you made the  
On the day that we die  
On the day we broke you made the whole world  
Stop it, you're hurting me  
Stop it, you're hurting me  
Stop it, you're hurting me  
Stop it!  
I'm sitting pretty now  
With filthy next to me  
I have two tumored hands  
And a diseased body  
C'mon, let's kill ourselves,  
Than french kiss the elderly!  
On the day we broke you made the

On the day that we die  
On the day we broke you made the whole world  
Stop it!  
No!  
Stop it, you're hurting me  
Stop it, you're hurting me  
Stop it  
Don't...  
Don't you...  
Don't you fuckin touch me!  
(Don't touch me)
