## Alvaro & Jetfire

Are you one of the beautiful people?  
Is my name on the list?  
Wanna be of the beautiful people  
Wanna feel like I'm missed Hey you with the walkie talkie  
I know my clothes are not right  
I wish I had my own walkie talkie  
That reached to god every night Everyone needs to be somebody  
Everyone needs to find someone who cares  
But I don't know if you know what I mean  
'Cause I'm never on your list Are you one of the beautiful people?  
Am I on the wrong track?  
Sometimes it feels like I'm made of eggshell  
And it feels like I'm gonna crack Everyone needs to be somebody  
Everyone needs to find someone who cares  
But I don't know if you know what I mean  
'Cause I'm never on your list I'm never on your list  
I'm never on your list
