

# Golly Sandra

## Eisley

G-g-golly Sandra, you've grown up really crazy  
Have I been too denying of you?  
G-golly Sandra, you've grown up so crazy  
Have I been too untrusting? To take me down to the bridge  
Where you know that I've always loved you And Ill go without stopping  
Oh you are my scar and thats not really far, hey, hey Golly Sandra, you've grown up really crazy  
Have I been too denying of you?  
To take me down to the bridge  
Where you know that I've always loved you And Ill go there without stopping  
Oh you are my scar and thats not really far, hey, hey Well I guess I'd should have been around to sing you to  
sleep  
You look so beautiful it hurts me slightly Oh you are my scar and thats not really far, hey, hey  
Oh you know that I've tried so hard for you, for you
