

# Believe

## ForthAngel

He's waiting patiently on a hospital bed  
he's waiting for the doctor to come back in  
by then he falls asleep wishing he was  
just as strong as everybody else  
he just wants to live like everybody else[Chorus:]  
what if I believed  
what if I prayed  
if I did what it make all this go away  
where did I go wrong  
what didn't I do right  
cuz I don't wanna have to say goodbye  
cuz I still believeThe doctor takes a breath and he opens the door  
his face said everything they all had feared  
then the boy began to cry just like he had a thousand times  
he never thought that life could hurt like this  
so he prayed with all the faith that he had left[Chorus]In the pouring rain somewhere far away  
there's someone that hurts just like I do and  
In the pouring rain somewhere far away  
there's someone that hurts just like you do  
but I still believe I'm still gonna prayI'm gonna thank the Lord for every day  
I'm still holding on I'm still gonna fight  
cuz I don't wanna have to say goodbye  
no I don't wanna have to say goodbye
