

# Speed Limit

## Boyce Avenue

All your life you've tried to fill a void, oh  
Fake a smile but couldn't find the joy, no  
They slow you down just to make sure you fit in, oh  
But they were wrong cause I wouldn't change a thing, no  
If you want somebody to love you  
    You know I will  
If you want somebody to need you  
    You know I will  
    So baby, get up  
    Come on, get in the fast lane  
    You are the one  
    That's got a hold on me  
    I say we got to live our lives  
    Yeah with no speed limit  
    Get up, come on  
    You make my heart race  
    You are the one  
    That keeps the pace I need  
    I say we got to live our lives  
    Yeah with no speed limit  
With no speed limit  
    Behind your walls I fell for the girl in pain, oh  
So all along your struggles were not in vain, oh  
If you want somebody to love you  
    You know I will  
If you want somebody to need you  
    I always will  
    So baby, get up  
    Come on, get in the fast lane  
    You are the one  
    That's got a hold on me  
    I say we got to live our lives  
    Yeah with no speed limit  
    Get up, come on  
    You make my heart race  
    You are the one  
    That keeps the pace I need  
    I say we got to live our lives  
    Yeah with no speed limit  
(If you want somebody and need somebody to love)  
    There's no limit, oh  
    There's no limit  
(If you want somebody and need somebody to love)  
    There's no limit, oh  
There's no speed limit  
    There's no speed limit... yeah  
    Get up  
    Come on, get in the fast lane

You are the one  
    That's got a hold on me  
    I say we got to live our lives  
    Yeah with no speed limitGet up, come on  
        You make my heart race  
        You are the one  
        That keeps the pace I need  
        I say we got to live our lives  
        Yeah with no speed limit  
        With no speed limit  
        No speed limit
