tokyo

Feel it
I can feel it coming
You're touching my heart
You're touching meFeel it
I can feel it burning
It's more than a spark
There's a fire in meWe can go to Tokyo on the first flight out tomorrow
I don't know what the future holds
I just want to feel this moment
Maybe this summer love
Maybe we just sleep in for tonight
Tonight
We can go to Tokyo on the first flight out tomorrow
I don't know what the future holds
I just want to feel this moment
Maybe this summer love
Maybe we just sleep in for tonight
TonightI can't believe it
Can't believe it's coming
Hard times are here now
Our times burningWe can go to Tokyo on the first flight out tomorrow
I don't know what the future holds
I just want to feel this moment
Maybe this summer love
Maybe we just sleep in for tonight
Tonight
We can go to Tokyo on the first flight out tomorrow
I don't know what the future holds
I just want to feel this moment
Maybe this summer love
Maybe we just sleep in for tonight
TonightYeah
I can feel your body pushing off my body
You're telling me you're leaving in the morning
If I never see you passes hotel lobby
That's okayWe can go to Tokyo on the first flight out tomorrow
I don't know what the future holds
I just want to feel this moment
Maybe this summer love

Maybe we just sleep in for tonight
Tonight
Maybe we just sleep in for tonightWe can go to Tokyo on the first flight out tomorrow
I don't know what the future holds
I just want to feel this moment
Maybe this summer love
Maybe we just sleep in for tonight
Yeah
Tonight
Maybe we just sleep in for tonight
Maybe we just sleep in for tonight
Yeah
