

Single Girl, Married Girl

Promise and the Monster

(A. P. Carter)

Well, the single girl, yeah, the single girl
The single girl, she always dresses so fine
 She dresses so fine
 She always dresses so fine
But the married girl, oh, the married girl
The married girl, she wears just any old kind
 Just any old kind

 Oh, she wears just any old kind
Well, the single girl, yeah, the single girl
The single girl, she goes anywhere she please
 Goes where she please
 Oh, she goes anywhere she please
But the married girl, yeah, the married girl
She got a baby on her knees, baby on her knees
 Oh, she got a baby on her knees
 Baby on her knees
