Flowerz
When I told you I was, deep in love with you, girl
You said they were just words, and nothing more
When I said that I would, give you the world, baby
You just said that you've heard it all before
Suddenly, it came to me
And I knew what to do
I knew it'd make you so happy
It'd open up your heart
And I gave you flowerz
Flowers
Your eyes lit up the room, when I gave you flowerz
Flowerz
Flowerz
Your eyes lit up the room, when I gave you flowerz
A rose will make your day but a daphadille
-d' wash your tears away, every time (babe0
when you walk through the flowerz, you get such a thrill
I can't believe that was it, all this time.
Suddenly, it came to me
And I knew what to do
I knew it'd make you so happy
It'd open up your heart
And I gave you flowerz
Flowers
Your eyes lit up the room, when I gave you flowerz
Flowerz

Your eyes lit up the room, when I gave you flowerz
babe
I remember when, I used to walk by your window
And I'd see you walking by
And I wonder what was on your mind
I gave you everything, everything I thought you ever wanted
But, to no avail it didn't work
But then oneday, one day I gave you
Flowerz
Flowerz
If you had run down the stairs and open the door and said

That was all you ever needed from me
I could have save myself so much money
If I gave you flowerz
If I gave you flowerz
If I gave you flowerz
