To The Ground

[Devil`s Train](#)

You are my light, you are my fire
The only one that's not a liar
You get me through all of my days
And keep me numb to the painWhen I'm lonely
When I'm calling out
Screaming for a friend
You always hear the soundKeep me happy
Keep me happy now
When all the world around
Crumbles to the ground
Crumbles to the groundYou keep me calm when I'm not fine
You take the pressure off my mind
And even though I don't see clear
I feel safe 'cause you're hereWhen I'm lonely
When I'm calling out
Screaming for a friend
You always hear the soundKeep me happy
Keep me happy now
When all the world around
Crumbles to the ground
Crumbles to the groundMind's too fucked up
To really see, to really see
You're the best friend
Who's killing me, it's killing meYou get me through all of my days
And keep me numb to the painWhen I'm lonely
When I'm calling out
Screaming for a friend
You always hear the soundKeep me happy
Keep me happy now
When all the world around
Crumbles to the ground
Crumbles to the groundCrumbles to the ground
Crumbles to the ground
