

Inhuman (Promo Version)

Grave

Walk the last steps of the face of the earth
Dismembered bodies, fallen victims of decay
Fallen from above, prophecy of death
Agonizing torment to wipe out the inhuman Shattered shreds of life, tearing my inner side
Rise from the turf, as my guts regurge
Procession to the wise, gasping to survive
Mutilated stiffs, desecrating tombs. God of all life and humanity
Slayed by evil conspiracy
Putrefying all of the remaining life
Dismember his body as you watch Shattered shreds of life, tearing my inner side
Rise from the turf, as my guts regurge
Procession to the wise, gasping to survive
Mutilated stiffs, desecrating tombs. Now you will die
As you take your final breath
Visions appear
From the darkest death Walk the last steps of the face of the earth
Dismembered bodies, fallen victims of decay
Fallen from above, prophecy of death
Agonizing torment to wipe out the inhuman Shattered shreds of life, tearing my inner side
Rise from the turf, as my guts regurge
Procession to the wise, gasping to survive
Mutilated stiffs, desecrating tombs.
