

# Sub-Rosa Subway

## Klaatu

Back in 1870 just beneath the Great White Way  
Alfred Beach worked secretly  
Risking all to ride a dream  
His wind-machine  
His wind-machine New York City and the morning sun  
Were awoken by the strangest sound  
Reportedly as far as Washington  
The tremors shook the earth as Alfie  
Blew underground  
Blew underground  
He blew underground, yeahAhh  
All aboard sub-rosa subway  
Had you wondered who's been digging under Broadway?  
It's Alfred  
It's Alfred  
It's Alfred  
Poor Al, woh no AlAs for America's first subway  
The public scoffed, "It's far too rude"  
One station filled with Victoria's age  
From frescoed walls and goldfish fountains....  
To Brahmsian tunes
