Them Changes

Buddy Miles Express

Well, my mind's been going through them changes
I feel like I could go out and commit a crime
Everytime you see me going somewhere
I feel like I'm going out of my mind
My babe, she left me just the other day
We was having so much fun
Yeah, my baby, she stepped out on me
And that's the reason we had to part, oh yeah, alright, yeah
Yeah, my mind's been going through them changes
I think I'm going out of my mind
Everytime I see you going out somewhere
I feel like I could go out and commit a crime
She had me runnin'
She had me hidin'
She had me runnin', runnin', runnin'
Hidin', cryin'
She had me runnin'
She had me cryin'
She had me runnin', runnin', runnin'
Runnin', cryin', oh, yeah, oh
Well, my mind's been going through them changes
I feel like I could go out and commit a crime
Everytime I see you going somewhere
I feel like I'm losin' my mind
My babe, she left me just the other day
We were having so much fun
Yeah, my baby, she ran out on me
And that's the reason we had to part, oh, alright, oh yeah, it's alright
