Echo

Eric Saade

We always do this
It's like a bad trick
It may look cool, but it burns
We are like magnets, gravity like planets
Somehow we always return
Oh down, we bounce right back try to break it all,
But just like that
We keep being locked so
We can't escape we'll be coming back like an echo, echo
I don't wanna go
I don't wanna stay
We're going up and down
We're going round and round
Been here before it's always the same
We gonna break up and then kiss and make up again
We are like an echo, echo, echo
Returning like an echo, echo, echo
A never ending echo, echo, echo
We are like an echo, echo, echo
Another bad fight
Another hard night
It's just like heaven and hell
Can't separate us
It's like somebody chained us
We try but can't help ourselves
Oh down, we bounce right back try to break it all
But just like that we keep being locked so
We can't escape
We'll be coming back like an echo

I don't wanna go
I don't stay
We're going up and down
We're going round and round
Been here before it's always the same
We gonna break up and then kiss and make up again
We are like an echo, echo, echo
Returning like an echo, echo, echo
A never ending echo, echo, echo

We are like an echo, echo, echo
We always do this
It's like a bad trick
Somehow we always return
(We are like an echo, echo, echo)
I don't wanna go
I don't stay
We're going up and down
We're going round and round
Been here before it's always the same
We gonna break up and then kiss and make up again
I don't wanna go
I don't stay
We're going up and down
We're going round and round
Been here before it's always the same
We gonna break up and then kiss and make up again
We are like an echo, echo, echo
Returning like an echo, echo, echo
A never ending echo, echo, echo
We are like an echo, echo, echo
