

# Bulletproof

Iyaz

Shes Bulletproof  
Oooh oooh oh oh oooh  
It was love before  
girl i know your hearts been through  
the storm and more i can tell you barely survived  
but girl my love will be the same im not tryna run no game  
i just want your tears to dry  
your hearts the target but every time i fire i cant get thro throo through  
i fight my hardest but im runnin out of weapons to use use  
my losing's not a option  
keep shootin my love away x2  
damn this girl is bulletproof proof  
keep shootin my love away x2  
damn this girl is bulletproof proof [she's bulletproof]  
feels like we both have more  
out of ammo cant shoot no more  
what do you want from me

i can feel you reachin' out now  
but you gotta let your guard down now  
why's it so hard to see oooh  
your hearts the target but every time i fire i cant get thro throo through  
i fight my hardest but im runnin out of weapons to use use  
my losings not a option so i  
keep shootin my love away x2  
damn this girl is bulletproof proof  
keep shootin my love away x2  
damn this girl is bulletproof proof she's bulletproof  
oooh oooh oh oh oooh x2  
your heart's the target but every time i fire i cant get thro throo through  
i fight my hardest but im runnin out of weapons to use use  
but losing's not a option so i  
keep shootin my love away x2  
damn this girl is bulletproof proof  
but i keep shootin my love away x2  
damn this girl is bulletproof proof she bulletproof
