Utmost Good

All We Are

Have you ever been hurt by someone
Not just me I could never ever hurt you more
Have you ever been worn by someone
Not just me I could never ever wear you moreOh Oh Oh OhI've been doing you favors
Giving you my utmost good
But its just not good enough
I keep trying to please you
Giving you my utmost good
But its just not good enoughOh x12(Just not good enough)Have you ever been torn by someone
Not just me I could never ever cut you more
Have you ever been lost to someone
Not just me i could never ever go this farI've been doing you favors
Giving you my utmost good
But its just not good enough
I keep trying to please you
Giving you my utmost good
But its just not good enoughCant you see we're only dancin', only dancin'(But its just not good enough)I've been doing you favors
Giving you my utmost good
But its just not good enough
I keep trying to please you
Giving you my utmost good
But its just not good enoughoh oh oh ohJust not good enough
