

Requiem

Parlour Tricks

you're a kettle looking for a lid.
Caught cold
in the middle of the summer like a little kid.
Got the heat
in my lungs like I almost drowned.
running, running to the other side of town.
in the middle of a dream I can hear you calling
in the middle of a dream I can hear you say
I hear you knocking
But you can't come in.
So I will write you a requiem.
you've been looking right into the sun
White light
Bet you didn't know it shines like that for everyone
What's your name
Where you from
Why'd you come downtown?
I been running, running, running but I never hit the ground.
in the middle of a dream I can hear you calling
in the middle of a dream I can hear you say
I hear you knocking
But you can't come in.
So I will write you a requiem.
So I will write you a requiem.
in the middle of a dream I can hear you calling
in the middle of a dream I can hear you say
I hear you knocking
But you can't come in.
So I will write you a requiem.
You said it gets better
But you didn't say when
So I will write you a requiem.
So I will write you a requiem.
