Hold On Longer

John Legend | www.AudioCastle.net

Broken hearts rain on our angelic flies
But I won't run, I'm with you, that's enough
Kiss me now so you won't runOut of breath underwater
Girl you can hold on longer
Girl you can hold on longer
Girl you can hold on longer
Long as you wantOh, oh, oh, ohLove is an ocean
Swimming and try not to drown
Right in the waves
Praying we don't go down
In the undertow I'll pull you outOut of breath underwater
Girl you can hold on longer
I know the waves get stronger
Girl you can hold on longer
Long as you want
Oh, oh, oh, ohHold on
