

Hold On Longer

John Legend | www.AudioCastle.net

Broken hearts rain on our angelic flies
But I won't run, I'm with you, that's enough
Kiss me now so you won't runOut of breath underwater
 Girl you can hold on longer
 Girl you can hold on longer
 Girl you can hold on longer
Long as you wantOh, oh, oh, ohLove is an ocean
 Swimming and try not to drown
 Right in the waves
 Praying we don't go down
In the undertow I'll pull you outOut of breath underwater
 Girl you can hold on longer
 I know the waves get stronger
 Girl you can hold on longer
 Long as you want
 Oh, oh, oh, ohHold on
