

Girls Like Me

Ashley Ballard

Girls like me
we just wanna be
Free to be who we need to be
you can never change
Girls like me
we just wanna be
Free to choose, win or lose
Before you hold my hand
you better understand
you can't hold me down
'Cause me and all my girls
we're running our own world
we make the rules
and we stand our ground
So call us crazy, that's O.K.
we're doing things I always
Girls like me
we just wanna be
Free to be who we need to be
you can never change
Girls like me
we just wanna be
Free to choose, win or lose
Girls like me, we just wanna be free
talkin' loud as we walk down the street
life is just a party
Before we kiss goodnight
I hope you heard me right
don't wanna lead you on
I'm just in no big rush
to get too serious
I'm meant to livin' the way I want
I like you, please don't get me wrong
I'm groovin' to my own song
Girls like me
we just wanna be
Free to be who we need to be
you can never change

Girls like me
we just wanna be
Free to choose, win or lose

--

Girls like me, we just wanna be free
talkin loud as we walk down the street

Life is just a party
School is out and the summer is in
now it's time for the fun to begin

Life is just a party
So call us crazy, that's O.K.
we're doing things I always
I like you, please don't get me wrong
I'm groovin' to my own song

Girls like me
we just wanna be
Free to be who we need to be
you can never change

Girls like me
we just wanna be
Free to choose, win or lose

Girls like me
we just wanna be
Free to be who we need to be
you can never change

Girls like me
we just wanna be
Free to choose, win or lose
Yeah yeah yeah yeah yeah yeah

Girls like me
we just wanna be
Free to be who we need to be
you can never change

Repeat til fade
