

Jesus, Lover of My Soul

[Lindell Cooley](#)

You don't have to know how to pray. All you have to know how to say is Jesus,Jesus. In a shouted voice or a whispered tone, in a crowded room or when you're all alone, just say Jesus, Jesus. Jesus, how I love the name of Jesus, every day, Lord, it's the same, Jesus, he's the lover of my soul. You don't have to know how to say a great prayer. All you gotta know is how to call on the name of Jesus. Cuz the Lord's looking on your heart tonight. Jesus. In a shouted voice or a whispered tone, in a crowded room like this one, or when you're home all alone, Just say Jesus, Jesus. Oh yes, sweet Jesus. Jesus, how I live the name of Jesus. My life is never the same because of Jesus. He's my savior and my Lord. Play into the Lord and worship him, Hallelujah!!! Jesus, there's power in the name of Jesus, my life is forever changed because of Jesus, the lover of my soul. Nobody ever cared for you like Jesus. No one can heal your wounded spirit like Jesus. He's better than a doctor. He's better than a psychiatrist. He's better than a surgeon. With just one word he can set you free tonight from everything that's held you captive for years. There's power in his name!
