Always and Forever

Jody Watley

At the start when I met you
I had no idea what was in store
But time pass and we got to know each other
A lot of laughs, so many things in common
Oh I feel so good in side
I want to let you know just how I feel
When I pray in my room at night
I'm thinking of you and IThat it's gonna be, a time for us
A love to last, always and forever
A time for us, a love to last
Always and foreverCall me up, on the phone
We can talk all night
Or just be alone
I want to be the one to turn you on
I'm the only one, I can make you happy
Oh, feel so good inside
I want to let you know just how I feel
When I pray in my room at night
I'm thinking of you and IThat it's gonna be, a time for us
A love to last, always and forever
Yeah yeah yeah yeah
A time for us, a love to last, always
Always and foreverNo longer am I going to be lonely
Cause you and I are together
We got a good thing going
I want to let you know that
Night and day, I'll be thinking of you
And I[Repeat x2]
That it's gonna be, a time for us
A love to last, always and forever
Yeah yeah yeah yeah
A time for us, oh ah
A love to last
Always and forever
