

Sunrise (ATFC Early Riser Dub)

Simply Red

As I look into your eyes I see the sunrise

The light behind your face helps me realize
Will we sleep and sometimes love until the moon shines
Maybe the next time I'll be yours and maybe you'll be mine
I don't know if it's even in your mind at all

It could be me

At this moment in time

Is it in your mind at all

It should be me, it could be me

Forever
Wandering through life will love come home to you

And the love you want forever, will they be true to you
Will we sleep and sometimes love until the moon shines

Maybe the next time I'll be yours and maybe you'll be mine
I don't know if it's even in your mind at all

It could be me

At this moment in time

Love's indescribable

It should be me, it could be me

Forever
Easy, ready, willing, over time

Where does it stop where do you dare me to draw the line

You've got the body now you want my soul

Don't even think about it say no go
