Devil's River

Sinner

[Sinner, Naumann]I'm diving deep in devil's river
I will find out if this curse is true
About the storyteller's nightmare
All these visions about youth
Don't expect any mercy ... like Mary who died
As the water took her ... to the other side[Chorus:]
The world could be saved ... with plessure and pain
Don't have tears, don't shiver
Come to me to devil's river
Come to me [2]I watched the trial of the river
Saw the deadly seven sins
A conversation with Jesus
Who used needles and pins
See the news on TV, tell us the end is near
Into the water we'll dive, to the other side[Chorus][Chorus]Come to me to ... devil's river
Ooh
Come to meYou'll feel the pleasure and pain
Ooh
In devil's river
