Down

Charlotte Hatherley

Where is the sign?
Been waiting all this time
And the thought that comes to mind
Maybe there's nothing to findWhere is the light?
So far out of sight
Maybe there's nothing to be found
And all I am right nowIs down, down down down down down down down
Down down down down downWhere are my dreams?
And where is my sign?
There must be something to be found
Cos all I am right nowIs down, down down down down down down down
Down down down down downI am not who you are
You are on higher ground
Not sure what to say
Won't make a sound
I am not who you are
You are on higher ground
Not sure what to say
I am feeling downOh I am tired
I'll stay in for a while
I'm not so good to have around
Cos all I am right nowIs down, down down down down down down down
Down down down down down
