

Korolev (Robert Babicz Remix)

Public Service Broadcasting

The road to Baikonur started from here
But it was not an easy roadThe life of a designer is no parade of victories
There are innumerable more failures
But they must not stop us
They must not stop us
He was in a hurry to live
As though he knew he had but 60 years allotted to himFulfill man's dream of the universe
Make the great cosmos tangible
This was to be done by Sergei KorolyovHigher
Further
Faster than anyoneEverything here speaks of him
The first ballistic rockets
The first intercontinental rockets
The road into the cosmos was openHigher
Further
Faster than anyoneHigher
Further
Faster than anyoneEverything here speaks of himHigher
Further
Faster than anyoneFaster than anyoneHigher
Further
Faster than anyone
Faster than anyoneI believe in the future
It is wonderful because it stands on what has been achievedThe road into the cosmos was open
