Stop the Noise

Zeromancer

Stop the noise!
Stop the noise, man!Burns like hell
Melt in your mouth
Twist and turn you
Into something elsePinch yourself
Taste so sweet
Twist and turn you
Into something cheapAnd all you wanna do now
Yeah Yeah
And all you wanna do nowStop the noise!
You gotta stop the noise, man!
Only in America
Stop the noise!
What you see can not be yours
You gotta stop the noise, man!
Only in AmericaBreathing hurts
Swallowing words
It can't
It can't get much worseBleed you dry
Against your will
Think you're running
But you're standing stillIt's all you wanna do now
Yeah Yeah
It's all you wanna do nowStop the noise!
You gotta stop the noise, man!
Only in America
Stop the noise!
What you see can not be yours
You gotta stop the noise, man!
Only if you
Make it go away
