Megalomania

Bill Ward/Geezer Butler/Ozzy Osbourne/Tony Iommi

I hide myself inside the shadows of shame
The silent symphonies were playing their game
My body echoed to the dreams of my soul
It started something that I could not control
Where can I run to now? The joke is on me
No sympathizing 'cos it's insanity, yeah
Why don't you just get out of my life, yeah?
Why don't you just get out of my life now?
Why doesn't everybody leave me alone now?
Why doesn't everybody leave me alone, yeah?
Obsessed with fantasy obssessed with my schemes
I meet reality with pseudo mock dreams
The ghost of violence was something I'd seen
I sold my soul to be the human obscene
How could this poison be the dream of my soul?
How did my fantasies take complete control, yeah?
Why don't you just get out of my life, yeah?
Why don't you just get out of my life now?
Why doesn't everybody leave me alone now?
Why doesn't everybody leave me alone, yeah?
Well I feel something's taken me I don't know where
It's like a trip inside a separate night
The ghost of tomorrow from my favorite dream
Is telling me to leave it all behind
Feel him slipping away, slipping in tomorrow
Got to get to happiness
Want no more of sorrow
How I lied, went to hide

How I tried to get away from you now
Am I right if I fight?
That I might just get away from you now
Sting me!
Well I feel something's giving me the chance to return
It's giving me the chance of saving my soul
Beating the demigod, I'm fading away
I'm going backwards but I'm in control
Feel him slipping away, slipping in tomorrow
Getting back to sanity, providence of sorrow

Was it wise to disguise
How I tried to get away from you now
Is there a way that I can pay
Or is it true I have to stay with you now?
How I lied, went to hide
How I tried to get away from you now
Am I right if I fight?
That I might just get away from you now
Suck me!
I'm really digging schizophrenia the best of the earth
I'll chase my soul in the fires of hell
Peace of mind eluded me, but now it's all mine
I simply try, but he wants me to fail
Feel him slipping away, slipping in tomorrow
Now I've found my happiness, from the depths of sorrow
No more lies, I got wise
I despise the way I worshipped you, yeah
Now I'm free, can't you see
And now instead I won't be led by you now
Free!
