One Time

Marian Hill

You know you've got that thing
That makes the girls all swing
You know exactly what you doYou like the hit and run
You say it's all for fun
You think that I'm the one for youBoy if you wanna go I would not mind
But I'm not the kind of drum you play one time
Boy if you wanna go I would not mind
But I'm not the kind of drum you play one timeOne time, one time, one time
Boy I'm not the kind of drum you play one timeOne time, one time, one time
Boy I'm not the kind of drum you play one timeI know I've got that sway that makes the boys all stay
I know the way that men can be
I like it smooth and slow
Give it some time to grow
That's something you should know about meBoy if you wanna go I would not mind
But I'm not the kind of drum you play one time
Boy if you wanna go I would not mind
But I'm not the kind of drum you play one timeOne time, one time, one time
Boy I'm not the kind of drum you play one timeOne time, one time, one time
Boy I'm not the kind of drum you play one timeOne more time
Play play the drumOne more time
Play play the drumOne more time
Play play play the drumOne more time....Boy if you wanna go I would not mind
But I'm not the kind of drum you play one time
Boy if you wanna go I would not mind
But I'm not the kind of drum you play one timeOne time, one time, one time
Boy I'm not the kind of drum you play one timeOne time, one time, one time
Boy I'm not the kind of drum you play one timeOne one one one one time (repeat variation of this line)But I'm not the kind of drum you play one time
