I Dreamed You

Cecilio Rodriguez

You walked in the room
And time was standin' still
Knew you were my destiny
By the way you made me feel
Only you in my life
Forever and today
You're everything I ever imagined
My love could be, you for me
Like the stars need the sky
And the river needs it's rain
Like an eagle needs it's wings
And the fire needs it's flames
Like the sun needs the day
And the night needs the moon
Like the air that I breathe
That's how I dreamed of you
I dreamed you
It's hard to explain
But when you know, you know
I was so amazed by you
You had me at 'Hello'
I need you in my heart
My body, mind and soul
It only took a moment to take my breath away
Will you stay?
Like the stars need the sky
And the river needs it's rain
Like an eagle needs it's wings
And the fire needs it's flames

Like the sun needs the day
And the night needs the moon
Like the air that I breathe
That's how I, I dreamed of you
Our love can't be denied, no, no
There's nothing I can do, nothing I can say
My heart it always knew
That's how I dreamed of you
Stars needs sky

River needs rain
Like an eagle needs it's wings
And the fire needs it's flames
Like the sun needs the day, yeah
And the night needs the moon
Like the air that I breathe
That's how I need you
Like the stars, sky
River and rain
Like an eagle needs it's wings
And the fire needs it's flames
Like the sun needs the day
And the night needs the moon
Like the air that I breathe
That's how I need you
Like the air that I breathe
That's how I dreamed of you
I dreamed of you
Yeah, yes I did, oh baby
