Alphaville (Radio Mix)

Bryan Ferry

Nobody knows you're here
Deep undercover
You seem a bit afraid
Why do you suffer?Another night
A night in AlphavilleThis time is made for love
Let's play together
In every bar and club
Now and foreverAnother night
A night in Alphaville
You say you won't
But girl I know you will
The saddness in here
Feels like the girl
You wereI'm hungry for your lies
You scream and whisper
A thousand alibis
You point the fingerAnother night
A night in AlphavilleDon't try to read my mind
A broken circuit
You know my hands are tied
Nobody's perfectAnother night
A night in Alphaville
You say you won't
But girl I know you will
The World goes 'round
But here it stays the same
In second class
Nobody knows your nameAnother night
A night in Alphaville
You say you won't
But girl I know you will
I wanna live
But life ain't worth a dime
Lasting and light
Reflected in your eyesAnother night
A night in Alphaville
Alphaville
