Your Mistake

[A Skylit Drive](#)

I'll show you places that you cannot go,
That you cannot hold,
It reminds me of being in my head.

Few steps from being alone
Not to place the blame on you,
But this is what you do

Take a few steps back and you'll see
I wanted you to be near
Let your body leave, let you body turn itself inside out
Let your body leave,
This reality isn't enough for me now

You're not the last one but you're on top of me now
Woah
You'll never miss a beat when you believe

Turn your back away
We can be angels above the sun
Few steps from being alone
You sold your soul to be there with
Oh god, what have we done?

Take a few steps back and you'll see
I wanted you to be near
Let your body leave, let you body turn itself inside out
Let your body leave,
This reality isn't enough for me now

You're not the last one but you're on top of me now
Woah
You'll never miss a beat when you believe

Don't you tell me about the tides (through my eyes)
Don't you tell me about the lies, oh all the lies
Don't you tell about the tides (when we all lie)

I admit to you
I was used by you

I'm a liar and you already knew it (knew it would be like this)
And you give and you give when I take
Take it away, let me be your mistake
And turn your back away

You're not the last one but you're on top of me now
Woah
You'll never miss a beat when you believe

You're not the last one but you're on top of me now
Woah
You'll never miss a beat when you believe

Don't you tell me about the tides
Don't you tell me about the lies, oh all the lies
