

Structural Wound

Disarmonia Mundi

Wanna push it to the top wanna see how damn downward you can go

This is where it all begins could as well be my last time for realNever wanted to know, never wanted to see
better open your eyes 'cause I'm breaking free

Yeah, I'm breaking freeAll your sorrow looks so hollow no, I don't need your words of advice anymore
You're cheating, you're deceiving put the blame on me for things I don't even knowFade away feeling almost
dead inside - just tear it apart

Fade away fallin' off a shoreless lie - this time the wound is structuralI know how you feel know it too well the
same old look, you ain't changed yet

But trust my words you ain't seen nothing at all wanna drag you downWhere you brought me wanna quench
your thirst with the worst disease

Yeah, I'm your diseaseAll your sorrow looks so hollow no, I don't need your words of advice anymore
You're cheating, you're deceiving put the blame on me for things I don't even know(Now I'm awake)There
ain't a reason to justify your denial and now I see things how they are

Fed up with treasons, my life from yours I divide for all my dreams are torn apartOne day we'll meet again
farewell, why pretend?

See you at the bitter end don't need this curse anymoreFade away feeling almost dead inside - just tear it apart
Fade away fallin' off a shoreless lie - this time the wound is structural
