

# Not Only Numb

## Gin Blossoms

Looking all around the room I see the clutter in the gloom  
I'm not only back, I'm not only numb  
Changing shades within the evening, in a day then I'll be leaving  
I'm not only back, I'm not only numb When the air at home is thin, getting out then looking in  
Yeah she knows, she knows, she knows  
It ain't awful hard to tell what it's like, my little hell  
Yeah she knows, she knows, she knows I'm now familiar with the tone I hear in bed when I'm alone  
I'm not only back, I'm not only numb  
In the shade below the eaves think I could chain smoke anything  
I'm not only back, I'm not only numb When the air at home is thin, getting out, then looking in  
Yeah she knows, she knows, she knows  
It ain't awful hard to tell what it's like, my little hell  
Yeah she knows, she knows, she knows  
She knows, she knows, she knows She sees all the cars around the parking lots of bars  
We've played and stayed  
Started laughing, looking down upon the bed  
That we've made, we've made, we've made, we've made She sees all the cars around the parking lots of bars  
We've played and stayed  
Started laughing, looking falling down across the bed  
That we've made, we've made, we've made, we've made The air at home is thin when getting out, then looking  
in  
I'm not only back, I'm not only numb  
Changing shades within the evening, in a day, then I'll be leaving  
I'm not only back, I'm not only numb  
I'm not only back, I'm not only numb  
Not not only back, not only numb
