Fallin' Up

SoMo

Falling, I'm falling into your arms
I dreamed of this moment since I was a boy
Don't break my heart now, it's not a toy
Deeper and deeper, it's yours to destroy
Falling, I'm falling, faster I go
Floating so high, now where did you go
You said you'd love me through hot and the cold
Deeper and deeper, I'm out of controlI'm falling up, I'm falling up
I'm falling up
Falling, I'm falling up
Falling, I'm falling upFalling, I'm falling into the sky
Love never works out when one only tries
Maybe this nightmare is fooling my eyes
'Cause I'm gonna love you 'til I'm outta lifeI'm falling up, I'm falling up
I'm falling up, I'm falling up
I'm falling up, I'm falling up
I'm falling up
Falling, I'm falling upLights on that turn off, enter my head
Where do I go? I feel so dead
Without your loving, I am red
Red as a sunset
Said I am falling, I'm falling in love
Falling, I'm falling like leaves from above
I'm just a runaway, pockets undone
I'm falling, I'm falling upI'm falling up, I'm falling up
I'm falling up, I'm falling up
I'm falling up, I'm falling up
I'm falling up, I'm falling up
I'm falling up, I'm falling up
I'm falling up
