Final Moment

The Veer Union

This is the final moment
Broke and bruised from fighting for itTaste temptation
Changing the fate of a fallen man
I won't fall again
Save myself and
Rewrite the way it's supposed to end
It's supposed to endAnd I won't wait 'til tomorrow
Tomorrow may never come, comeThis is the final moment
Broke and bruised from fighting for it
This is the final moment
Focused in so I won't blow itI'll be okay
This is the day I will start to live
I will start to live
Break my boundaries
I will awake to where I began
To where I beganAnd I won't wait 'til tomorrow
Tomorrow may never come, comeThis is the final moment
Broke and bruised from fighting for it
This is the final moment
Focused in so I won't blow itI'll sleep with one eye open
I'll sleep with one eye open
FocusI'm finally in this momentThis is the final moment
Broke and bruised from fighting for it
This is the final moment
Focused in so I won't blow itI'll sleep with one eye open
I'll sleep with one eye open
Moment, final moment, final moment
It's time to break away from this
