## Prince

i like it when you dance for me.

helleuah, all funky congregation let us bow our heads in prayer. you thank the all mighty for you baby. glory  
glory helleluah, i like it like it . i like it when you dance 4 me. i like when you dance cause it gets me hot i like  
it when you shake everything you got. i like it when you dance cause it's so sexy. i like it when you dance 4 me,  
i like i when you lay down all the laws, your the voice i hear on the telephone, telling me all your deepest  
fantasies. Helleluah, i like it when you dance for me, i like it when you dance for me, i like it when i hear a  
knock on my door, and you are standing there with christian dior. dark sunglasses in the pale moonlight i like it  
when the scene is right. you can take your rock and lay it on the chair if any one finds it i don't care , what we do  
together make's history, i like it when you dance for me . (2x)helleluah, dance(3x) for me
