

Delirium

Lacuna Coil

Delirium

Delirium

Delirium

Delirium I can't surrender
I cannot breath and I'm still going under
it's hard to realise
it's getting closer
I fear this struggle
is wasting me from inside Delirium

Delirium

Delirium

Delirium insane obsession
is growing faster
there's no medication
It's hard to realise
lost in confusion
I hear the silence
is screaming aloud inside Delirium

Delirium

Delirium

Delirium Enclosed in a shrine
locked away inside my mind
I walk in the darkness and neon lights
delirium will take me away Delirium

Delirium

Delirium

Delirium

Delirium

Delirium

Delirium

Delirium
