

Big Choice

Face to Face

Big lies
Surprise
You've thought of everything
It builds your character you know No way
Okay
So what's the price you pay?
Too late to realize you're broke Do you think that everything worked out?
It's good to see, you've finally made it
Can't you see, you're lying to yourself? But this was all your choice
Do you think it makes a difference now? But this was all your choice
It's good to see it hasn't changed you You've tried
Denied
Can't win at everything
It's building character you know Don't wait
Too late
You've got a choice to make
It's time to be what you've been told
