Big Choice

Face to Face

Big lies
Surprise
You've thought of everything
It builds your character you knowNo way
Okay

So what's the price you pay?

Too late to realize you're brokeDo you think that everything worked out?

It's good to see, you've finally made it

Can't you see, you're lying to yourself?But this was all your choice

Do you think it makes a difference now?But this was all your choice

It's good to see it hasn't changed youYou've tried

Denied
Can't win at everything
It's building character you knowDon't wait
Too late
You've got a choice to make
It's time to be what you've been told
