## Iamthemorning

Are you here?  
And do you still hear my voice?  
And who is out?  
Are you out?

Are you here?  
Are you hanging in between  
in or out?  
in or out?

Are you here?  
And do you still hear my voice?  
And who is out?  
And who is out?

I'm pleased to hear  
I'm pleased to see your presence near  
Do not go out  
Do not go out

It's not that I have been rejected  
It's not that I have searched for truth  
But I see you being affected  
By outside spirits I disapprove  
Becoming closer you can't see further  
Becoming nearer you can't defend  
I see that you are becoming colder  
There's nothing really outside
