

Paper Heart

Algebra Blessett

(Verse 1)

Baby ball me up and shoot for three , if you make the shot say you'll come back for me.

When you cut me into little pieces, promise you'll put me back together again. Ohhh

Why do you build me up to bring me down , only when your lonely you come around.Chorus

And I became your paper heart, to get scribbled on ripped and torn from your love

Don't wanna be your paper heart, its more than i can handle I'm fragile, so take care of my paper heart(Verse 2)

Unfold me from this imagery, when your chasing after memories of me

You keep me tucked away till its time, to pretend you love me when its all a lie all a lie why

Why do you build me up to bring me down , only when your lonely you come around.Chorus

And I became your paper heart, to get scribbled on ripped and torn from your love

Don't wanna be your paper heart, its more than i can handle I'm fragile, you better take care of my paper heart(verse 3)

Paper hearts can get burned and thrown away when its their turn, what's true to you is not for them hold your heart until the end.Chorus

And I became your paper heart, to get scribbled on ripped and torn from your love

Don't wanna be your paper heart, its more than i can handle I'm fragile, so take care of my paper heartPaper hearts can get burned and thrown away when its their turn, what's true to you is not for them hold your heart until its real, Paper hearts do get burned and thrown away till its your turn, true to you is not for them so you better listen to your...(Paper heart)Ball me up and shoot for three , if you make this shot say you'll come back for me.
