Flesh and Blood

Reveille

Get me out of here, get me out of hereYou used to be someone I could trust
But all of that didn't last too long
I don't know what I believe anymore
God, where the hell did we go wrong?Your silence shatters my sense of hope
How could this happen? What did I miss?
My whole world's fallin' down around me
God, how could you desert me in a time like this? Come onI'm not perfect, nobody's perfect
But what the fuck was I supposed to do?
I'm washin' my hands, I'm cleansin' my soul
Now, all I had will die with youSo bury the good and let that shit rot
'Cause if your only question's, "What's in it for me?"
Well, then you might as well gouge out your own fuckin' eyes
For there are none so blind as those who will not see, come onFlesh for food and blood for wine
Because some scars don't heal with time
Flesh for food and blood for wine
Because my scars won't heal with timeFlesh for food and blood for wine
And all my love was left behindPut your money where your mouth isGet me out of here, get me out of here
Get me out of here, get me out of here
Get me out of here, get me out of here
Get me out of here, get me out of hereGet me out of here, get me out of here
Get me out of here, get me out of hereFlesh for food and blood for wine
Flesh for food and blood for wine
Flesh for food and blood for wine
But just flesh and blood, never divine
