[Intro]
[Trick Trick]
This is some fucked up shit man.
I'm fighting for my motherfucking life.
I'm sittin' here all this time on some dumb shit?
These bitches out to kill me, they aint playin'!
I aint talkin' some nigga's this.
I'm talkin' bout the motherfucking people.
Fuck it! Let's Go![Verse One]
What would be the reason for me to jump out of the rep.
And run up on a motherfucker with a fifty round clip?
And shoot him in the back of his head 4 or 5 times
His brain was out and scattered, basted outta his mind.
His sister got on the stand and told it.
Mouth full of lies ????????
Pointing a finger but wouldn't look me in the eyes, not once did this bitch even acknowledge the ????
I was in my truck at the corner when her brother was killed.
No Where near the scene, I'm clean far as murder's concerned.(INCOMPLETE)
