

Unless You're Sure

[Hilary Grist](#)

I try to wipe the worry off my face
Hide the tears so they fall without a trace
How am I supposed to know if you're staying with me because you're sure
Unavoidable is what they say
In the end do all things have to fade?
How am I supposed to know if you're staying with me because you're sure
Before now I was fine not knowing
the outcome of all this
People say why mess with a good thing?
But it's not good enough unless you're sure
When you fall asleep inside me arms
I could stay forever in that warmth
How am I supposed to know if you're staying with me because you're sure
