

# My Memory

Chab

"Think what have i became!?"

I think I'm not the one I've always wished to be.!

My precious friends, My family.. Literally I think I've lost my memory..."

Think what have i became..!

Think what have i became..!

Think what have i became..!

Think what have i became..!

"Think what have i became!?"

I think I'm not the one I've always wished to be..

My precious friends, My family.. Literally I think I've lost my memory..."

Think what have i became..!

Think what have i became..!

Think what have i became..!

Think what have i became..!
