Waiting On Revolution

Verse

Advisory - the following lyrics contain explicit language:

An explanation is what we want
We want to know how things could get so fucked up
And how things could get so out of hand
So many times we have waited on others
To stand up for us
And act on what we believe
Is so fucked and wrong with our generation
I know we are all so angry
I know I am so fucking angry
SO I'm NOT WAITING ANYMORE!
My rebellion starts here
I can't wait on revolution forever
My revolution STARTS HERE
